

# 2010 Camper Drop Off and Pick Up Form

Camper's Name <small>(please use one form for each camper)</small>	Address	City	Camp Attending <small>(Playland, Anisfield, Maccabi, Performing Arts)</small>

**Carpool** – the car your child arrives to and departs from camp. At the JCC we use the term “carpool” whether there is one child or multiple children.

**Carpool Number** – the unique and random number that is assigned to each camper. Children traveling together are assigned the same carpool number.

**Carpool Cards** – provided by the JCC with your carpool's number on it. Carpool cards are to be placed in the car windshield of any car picking up your carpool.

In order for our dismissal system to work safely and efficiently, it is important that we know who each camper will be going home with on a regular basis. If, on any given day, your carpool is to change (i.e., early pickup, a play date, a different person picking up, etc.), please send a note to the camp office detailing the change. It is also a good idea to either phone or email the change to your camper's day camp.

This form will be used to assign your camper a carpool number. You will receive your carpool information packet and carpool cards one week before camp.

Please list the names of campers, including any siblings, who will be picked up with your camper on a daily basis. If your camper is the only one in your carpool, leave the next section blank.
